Re: 11580408-Macon County
Decatur/Macon County Landfill*2
Permit No. 1976-4-OP

E.P.A. - D.L.P.C.
STATE OF ILLINOIS

Dear Mr. Eastep:

Special Condition No. 5 on Supplemental Permit No. 1981-11-EX required that the operators of the Macon County Landfill submit a proposal for upgrading the ground-water monitoring program at the referenced landfill. Upon further discussions with agency personnel it was decided that any revisions to the system should be designed to monitor the planned future expansions of the landfill. Three copies of our proposal for this upgraded system are enclosed.

If you have any questions concerning this proposal or if you desire a meeting to discuss this in more detail please call.

Very truly yours,

SHAFFER, KRIMMEL, SILVER & ASSOCIATES, INC.

John Student

P.S. As I discussed by telephone with Mr. Student on October 18, 1983, the delay in submitting this report lies with me. Our client authorized the preparation of this proposal soon after our meeting in September. I apologize for any problems this may have caused within the agency.
